

Sheffield Safe Places members form

The Safe Places scheme is run by Sheffield City Council and Heeley City Farm.

Safe Places give you somewhere to go if you are lost, feel ill or are frightened.

How does Safe Places work?

If you are out and about and feel like you need support, you can go to one of our Safe Places.

You can find out if there is a safe place where you are by looking at the online map you can find on the web site.

www.sheffieldsafeplaces.org.uk

You might need a safe place because the person you are meeting has not turned up, you are lost or separated from your support worker, or you are upset.

It might be because you have been bullied or teased.

Staff at Safe Places will ask to see your **Keep Safe Card** and will phone the person that is named on the card as the person to talk to if you need help.

They will offer you somewhere to wait until a friend, assistant or relative comes to help you or you feel happy to leave on your own again.

If you need help reporting hate crime, they will support you.

Because you are a member we have some of your details on record.
The Law says that we have to make sure the information we have is right.
Please let us know if your information changes, or if you move house.

If you ever want to stop using your Keep Safe Card, let us know and we will take your details off the database.
